

Testimonial 2003 - Marjorie Cooke - Fine Artist & Painter, St. Louis Missouri

Dear Marianne of MM Manufacturing,

I have two friends with whom I paint. Between them, they have about \$500 worth of useless, dried out, solidified oil paint brushes. I gave them your phone number yesterday and we spent the day trying to find you. Then I told them Jerry's in N.Y. had SavvySoap. We will also try Daniel Smith's new catalogue.

We called but no one at Jerry's knew what we were talking about. I took that free bottle that you sent me and sat for half an hour and cleaned twenty grossly horrible brushes. My artist friends are "hooked" .

Now I just brilliantly chased you down on the web to tell you, DON'T EVER STOP MAKING SAVVYSOAP HAND & BRUSH CLEANER!!!!

Best regards and congratulations for a great product.
